## Customers quotes:

### *Customer in the Life Sciences Industry:*

“...the Runbook benefits are in terms of efficiency and time. Our month-end close is one week shorter with Runbook.”

### *P & G:*

“We see Runbook driving two main values for our organization, Task Coordination and Automation. We leverage Runbook to centrally manage and track our financial close thus providing greater visibility of opportunities for process improvement and allowing work to flow more easily across and between groups and regions. Runbook also drives productivity and efficiency improvements through the automation of time consuming checks and tasks.”
